

Grass Pitch Maintenance Fund - Landlord and Tenant Form Template

(To be used when the security of tenure is less than ten years and/or has a break clause in favour of the Landlord)

INTRODUCTION

To be eligible for the Football Foundation Grass Pitch Maintenance Fund (GPMF), eligible organisations need security of tenure (SoT) on the pitch(es) they are applying for funding for. They need to either own the freehold or have a lease or license with a minimum of 12 months left to run and permission from the Landlord.

The purpose of this template is to:

1. Enable an eligible organisation with less than ten years SoT and/or a break clause, in favour of the Landlord, apply for GPMF to improve the grass pitch(es).
2. Provide comfort to the eligible organisation and Football Foundation that the Landlord knows of no current reason why the current SoT would not be extended beyond its current term and no current reason or intention to activate a break clause.

This template is not an extension of a lease or licence; it simply sets out the agreement for the named eligible organisation with the Landlord, to carry out additional maintenance procedures, as recommended in their PitchPower Assessment Report, to improve grass pitches.
